In 2023, we delve into UN SDG #3, addressing education, food, housing and more issues that directly affect well-being. Join us on November 8th for a day of insightful discussions, nourishment, and shared perspectives.

To “be bunchful” is to share your abundance with others.

Bunchful Founder, Raquel Miller, is excited to host you at the live Bunchful Awards & Future of Philanthropy World Summit.

Raquel is currently a New Yorker. She is the recipient of the **Extraordinary Entrepreneur of the Year Award at the Powerhouse Global event in London**. Raquel's journey from humble beginnings in Jamaica, West Indies, under the tutelage of her grandmother, and later her father, inspired her to create a more "bunchful" world, which she then came to align with the UN SDGs. Her organization spreads awareness of various and innovative giving by individuals and businesses and fosters a global community of givers through technology, innovation and transformative events. Don't miss this opportunity to be part of a movement that uplifts and transforms lives. Join us on this remarkable journey!
